Illinois Propane Vehicle Incentive Program
Rules and Regulations

WHO AND WHAT IS ELIGIBLE? Incentives are available to Illinois Organizations and Residents who purchase a new propane vehicle or convert to propane.

WHAT VEHICLES ARE ELIGIBLE? Any vehicle that is registered and operated in the state of Illinois is eligible for up to $4,000 for the purchase of a new propane vehicle or up to $4,000 towards the cost of the conversion.

WHAT INFRASTRUCTURE IS ELIGIBLE? One 24/7 public fueling facility is eligible for up to $20,000 and two private fueling stations are eligible for up to $10,000 reimbursement for costs to build.

WHAT DO I HAVE TO DO IN EXCHANGE FOR THE INCENTIVE FUNDS? The incentive recipient agrees to complete the application form, documenting their reason for selecting a propane vehicle or for building a fueling station.

WHEN DOES THE PROGRAM BEGIN AND END? The incentive program begins January 1, 2025, and ends December 31, 2025, or when program funds are exhausted. The payment of an incentive under the program or this agreement is subject to available funds. **The program will only be available as long as funds are available; the ILPGA reserves the right to suspend the program at any time it determines funds are being exhausted.**

Completed and approved applications should have an incentive check issued within 90 days after the application is received at the ILPGA office, subject to available funds. No applicant has a legal right or other entitlement to receive incentive under the program or this agreement. A completed application does not bind ILPGA to approve or pay an incentive to any applicant.

An applicant or propane marketer may be suspended from, or declared ineligible to participate in the incentive program if the ILPGA determines that the applicant or propane marketer has submitted false information or otherwise violated program terms and conditions. Within 30 days after ILPGA suspends or declares an applicant or propane marketer ineligible, the applicant or propane marketer may appeal the action by submitting the appeal in writing to ILPGA. Actions taken by ILPGA with respect to the appeal will be final. An applicant or propane marketer who submits false information pertinent to an incentive is subject to criminal and civil penalties including U.S. Mail fraud.

Incentive applicants and vehicle dealers agree that the selection, purchase, and ownership of an eligible propane vehicle is solely their responsibility and not the responsibility of ILPGA. ILPGA agents will not recommend equipment, dealers or installers, nor do they make any representation as to the safety, reliability, and/or efficiency of the vehicle or retrofits selected. ILPGA agents do not make any warranty whether expressed or implied, including warranty or merchantability or fitness for any particular purpose, use, or application of the products.
Applicant agrees that ILLPGA agents and propane marketers will not be liable if a person suffers any personal or bodily injury, death, or property damage as a result of use of propane vehicles. Applicant agrees that this release of liability is binding on their personal representatives, successors, heirs, assigns, and next of kin.
